

**IN THE DRAWINGS:**

Please accept the attached Replacement Sheets containing Figs. 1, 3-10 and 12-16 which have been corrected. In accordance with Examiner's comments, the correct cross hatch patterns have been added to illustrate the rubber elements referenced by numbers 3, 4 and 25, as well as the synthetic resin element referenced by number 5. Additionally, in Figs. 6-10 and 12-16 distinct reference characters have been added to modified elements so as to clearly distinguish them from their counterparts in other embodiments.
